Claire:

I hope they give us a good sturdy ladder with strong steel rungs because we'll need it — but good! But maybe by that time we won't need a ladder — Remember, we made our chance of friends and we're going to stick by them no matter what — If you ever find that you've got a permanent sun tan, it's not the sun — just that good old Maxwell House coffee, which is really meant for drinking, not bathing —

Always be careful of those mountains and that mean old timber line — they're very dangerous

See you up "North" in 20 years!

FOREWORD

When your high school days are over,
And you've said your last goodbye
To your teachers and your classmates
And those times behind you lie,

May you open up this yearbook
And remember work and play,
And all the lessons you have learned
To help your journey through life's way.

DEDICATION

With sincere appreciation and pleasure, we, the Class of Nineteen Hundred Fifty-Nine, dedicate our annual to Mrs. Alvin Fritz, who throughout our years in high school helped and guided us all in the things we have done. She has not only been a kind and wonderful teacher but a friend to all who know her.

CLASS SONG

Tune - " I'LL WALK WITH GOD"

Our High School Days
Have passed us now.
These memories
Will we endow.
These happy years
Gave us hope for the future to come.

Now may we join
In one accord,
And give our thanks
To almighty Lord.
Let's lean on Him forever
And He'll forsake us never.

Now, as we part friends,
We bid you a fair adieu
As many tasks we shall now pursue.

The path of life
Turns many ways,
As we go forth in future days.
In time of need, both you and I
Will remember these happy hours.
True fellowship we shared as one,
And we'll never forget our dear high school days.

HAIL! BEACON LIGHT

Hail! beacon light of Ishpeming,
Hail, High School, 'tis of thee we sing.
'Neath heav'ns high dome of azure blue,
Thou art thyself as firm and true,
Surrounded by the hills so old,
Whose iron hearts are strong and bold.

To thee our people turn with pride.
In thee their love and hopes abide,
Thy sons and daughters do thee bless,
Thy teachings mould a life's success.
Then let us haste and garlands rare,
Wreathe 'round our High School ever fair.

Superior's mighty deeps are blue,
And Northern skies are that fair hue,
Our color this – – it tells of might
Of love of truth and love of right,
Long life and health and happy hours,
God grant thee, Alma Mater ours.

FOOTBALL

ISHPEMING 0 — MANISTIQUE 37

The sophomore-loaded Hematites traveled to Manistique for the opening game of the season. The powerful Emeralds, who were to go undefeated for the season, had no trouble in winning by a big score.

ISHPEMING 0 — IRON MOUNTAIN 21

In the second game Ishpeming played host to Iron Mountain. The Mountaineers, seeking revenge for three previous consecutive defeats, played hands-up ball in handling the Hematites. It was their second trimming of the year.

ISHPEMING 12 — SOO 18

After two shutouts, Ishpeming traveled to the Soo with high hopes. The Hematites started strong by scoring two touchdowns in the first half to take a 12–0 lead. Robar scored both touchdowns on two and five yard runs. Ishpeming gave the Blue Devils two touchdowns, one on a fumble and the other on a blocked punt, and finally went down to defeat.

ISHPEMING 6 — MARQUETTE 14

In the fourth game of the year Ishpeming traveled to Marquette to play their arch rivals. The Hematites were stronger defensively in this game, limiting the opponents to two touchdowns, but they could only score one themselves, and so went down to their fourth defeat. Duane Palomaki scored Ishpeming's touchdown on a three-yard run.

ISHPEMING 7 — NEGAUNEE 26

In the next game Ishpeming played host to its twin city rivals, the powerful Negaunee Miners. The Hematites took a quick 7–0 lead on a fifty-yard pass play from Scalcucci to Schultz. The Miners started to roll with one touchdown in the first half and three in the second half to gain an easy victory.

ISHPEMING 13 — STEPHENSON 19

Ishpeming traveled to Stephenson for its last game on the road. The Hematites opened the game by marching to a touchdown early in the first half, with Peter Zhulkie scoring on a one-yard plunge. It was 7–6 in favor of Stephenson at half time. The Hematites scored again on a fourteen-yard run by Robar, but could not stop the opponent's passes, so they were once again edged out.

ISHPEMING 13 – GLADSTONE 7

Ishpeming played host to the Gladstone Braves in the seventh game of the season, and were determined to get a victory. The first half of the game was all defense, as neither team could score. The Hematites took the ball to begin the second half and marched the length of the field to make it 6–0. Robar scored on a two-yard plunge. Later in the half, Dave Schultz sprang loose on a fifty-eight yard tun to make it 13–0. The game ended 13–7 to give the Hematites their first victory. The main factor in Ishpeming's tough defense was Captain John LaPointe, who made a majority of the tackles.

ISHPEMING 13 – STAMBAUGH 27

In the Homecoming game Ishpeming played host to the Stambaugh Hilltoppers. As usual, the Hematites started strong by scoring twice, but a leaky defense allowed Stambaugh to score four times, and the Blue and White were defeated in the last game of the season.

The Hematites compiled a 1–7 record for the season. Tackle John LaPointe was voted to the Great Lakes Conference first team, and halfback Dave Schultz received honorable mention. LaPointe was on the Upper Peninsula second team, with Schultz receiving honorable mention.

Graduating seniors are: Leonard Coskie, Michael Hellier, William Langlois, Captain John LaPointe, Duane Moffatt, David Schultz, Joseph Valente, and Warren Luoma.

VARSITY BASKETBALL

Fifty upperclassmen responded to the initial call of Coach C. C. Watson for the 1958–59 basketball season. Five seniors – Gerald Corkin, Paul Moffatt, Warren Luoma, John LaPointe, and Stephen Nault; five juniors – Peter Misale, Curtis Hosking, Allan Pesola, David Larmour, and Lance Roberts; five sophomores – Peter Zhulkie, Francis Scalcucci, Raoul Robar, Leslie Larmour, and William Thexton made the varsity squad for the season. The season's record was 10 victories and 9 defeats with the home team scoring 972 points to 951 for the opposition.

The team won the District tournament at Negaunee, defeating Hancock 66 to 50 in the first game and Negaunee 55 to 45 for the championship. The Hematites lost to Iron River in the Regional tournament held at Northern Michigan College fieldhouse 50 to 44 when Iron River capitalized on free throws during the last three minutes of the game.

SEASON SUMMARY

Ishpeming:

FG.	FT.	FM.	PF.	AV.	FGA.	FGM.	RBD.
373	226	204	280	51	1059	373	711

Opponents:

367	217	150	318	50	986	367	592

Ishpeming 52 – Manistique 37

The Blue and White opened their season at home and got off on the right foot with a sound victory over a very cold Emerald five. It was Ishpeming's 10th straight opening game victory.

Ishpeming 37 – Stambaugh 47

The Hematites traveled to Stambaugh for a game against a strong Hilltopper quintet. Ishpeming failed to find the range and dropped their first game of the season.

Ishpeming 37 – Munising 48

The Blue and White met Munising on the Mustangs' court and went down to defeat in a slow game, 48–37.

Ishpeming 37 – Iron Mountain 35

A tall Iron Mountain team invaded the Ishpeming gym and was turned back 37 to 35 in a strong defensive game. Moffatt led the Hematites with 14 points.

Ishpeming 67 – Escanaba 77

Ishpeming traveled to Escanaba with hopes of pulling an upset over one of the top teams in the Peninsula. The Hematites hit well, but Escanaba was even better and pulled away in the last period.

Ishpeming 51 – Negaunee 48

For the first game with their arch rivals at Negaunee the Hematites were outscored from the field but scored 19 free throws in winning a close one. Corkin was Ishpeming's big gun with 23 points.

Ishpeming 50 – Marquette 52

In a hard-fought game at Ishpeming, in which neither team led by more than three points, the Redmen gained a victory in the final seconds.

Ishpeming 49 – Newberry 65

Although the Hematites played their opponents on even terms for the last three quarters, a 15 point deficit in the first quarter proved too much to overcome on the Newberry court.

Ishpeming 41 — Escanaba 53

The Hematites, with two of their starting five sick, were defeated by a tall Escanaba team. After early tie scores the opponents pulled away and were never threatened.

Ishpeming 56 — Gladstone 45

The team, playing at home, shot 43 per cent during the first half of the game to take a 15 point lead and coast to victory. Misale led the Hematites with 15 points.

Ishpeming 56 — Stephenson 49

The Hematites traveled to Stephenson to gain their second win of the weekend. Ishpeming's free throw accuracy won this game for them as they made 20 out of 25. Corkin scored 21 points for the Hematites.

Ishpeming 50 — Marquette 51

The Marquette game was played in the college fieldhouse. Ishpeming got off to a poor start by missing the first 13 field shot attempts. The lead shifted 14 times, with Marquette winning the game on free throws in the last 15 seconds.

Ishpeming 78 — Hancock 51

A hot Ishpeming squad shot 43 per cent and gained their fifteenth straight win over Hancock. The Hematites rebounded well and rolled up their biggest score of the year. Luoma led the attack with 23 points.

Ishpeming 33 — Soo 65

The Hematites were no match for a tall Soo team, at the Soo, and dropped their eighth game of the season.

Ishpeming 57 — Negaunee 46

The Hematites didn't look like a team that had lost by 32 points the week before and outfought the Miners to take their second win of the year over them. Moffatt paced Ishpeming with 20 points.

Ishpeming 56 — Iron River 37

In a game that was close for three quarters the Hematites rebounded and shot well to gain their eighth win of the season. The Hematites outscored their opponents by 15 points in the fourth quarter. Corkin had 23 points for the game.

DISTRICT TOURNAMENT (at Negaunee)

Ishpeming 66 — Hancock 50

Ishpeming drew Hancock for the first tournament game. The Hematites out-rebounded their opponents 48 to 21, which was enough to offset excellent outcourt shooting by Hancock. Corkin had his best night of the season as he scored 25 points.

Ishpeming 55 — Negaunee 45

Ishpeming played its best ballgame of the year and beat the Miners for the third time during the season. It was a solid team victory as the Hematites won their second District Championship in a row. Ishpeming led by three points at half-time, increased it to thirteen points in the third quarter, and went on to gain a well-deserved victory.

REGIONAL TOURNAMENT
(at N.M.C. Fieldhouse)

Ishpeming 44 — Iron River 50

Ishpeming drew Iron River for its semi-final game in the U.P. tournament at the Northern Michigan College fieldhouse. Ishpeming had defeated Iron River during the regular season but their fired-up rivals took advantage of fouls and scored 20 points from the charity line.

TRACK 1958

Ishpeming 54 — Marquette 46½ — Negaunee 36½
May 1, 1958

The 1958 Blue and White track team, coached by Mr. Koski and Mr. Hammar, was victorious in a triangular meet held at Marquette. This meet was held to make up the one scheduled between Ishpeming and Marquette which was postponed due to poor weather conditions.

Ishpeming 71 1/3 — Negaunee 37 2/3
May 6, 1958

Ishpeming was again victorious in its second meet of the year held at the Ishpeming playgrounds under ideal weather conditions. New playground records were set by the Ishpeming thinclads in the following events: Bob Wills — high hurdles in 15.6 sec., low hurdles in 20.7 sec.; John LaPointe — 440 yd. dash in 56.8 sec.; John Carter — 220 yd. dash in 22.8 sec.; Warren Luoma — high jump, 5 ft. 9½ inches.

Great Lakes Conference Meet
May 10, 1958

On May 10th the Hematites traveled to Manistique to participate in the Great Lakes Conference Meet. Paced by Bob Wills, who set a record in the 220 yd. dash at 22.61 sec., tied the record in the 100 yd. dash at 10.1 sec., won the broad jump, and anchored the 880 yd. relay team to victory, Ishpeming placed second in the point total with 30 5/6 points behind Stephenson, which had 36 points.

Ishpeming 63½ — Negaunee 45½
May 13, 1958

In the second Ishpeming-Negaunee dual meet of the year, the Hematites again came out on top. This time, however, the point total was closer than it was in the first meet. Ishpeming's attack was paced by Bob Wills and John Carter, who scored five first places between them as they had also done in the first Ishpeming-Negaunee meet.

Regional Track Meet
May 17, 1958

In a cold rain at Houghton, spectators saw Bob Wills set records in both the 100 yd. dash at 10.0 sec. and the 220 yd. dash at 22.5 sec. Several of the timers clocked Wills under 10 seconds in the 100 yd. dash. Eight members of the team qualified for the Upper Peninsula Finals.

Marquette County Meet
May 21, 1958

In the County Class B meet held at Ishpeming, the Hematites again came out on top. The scoring was Ishpeming 55 1/3, Negaunee 40 5/6, and Marquette 40 5/6. No new records were established.

Freshman-Sophomore Meet

Marquette won the 1958 Freshman-Sophomore meet, while Ishpeming placed third behind a strong Negaunee team.

U. P. Finals
May 24, 1958

In the biggest track meet of the year Ishpeming finished in a tie for third place with Iron River behind Sault Ste. Marie and Stephenson. First places were scored by Bob Wills in the 100 and 220 yd. dashes and the broad jump, while Warren Luoma tied for first place in the high jump.

Memorial Day Relays
May 30, 1958

On a rain-soaked track the Ishpeming relay teams were able to finish in a tie for first place with Iron River. This meet was the final one for the following seniors: John Carter, Ray Ikola, Richard Ruusi, Robert Wills, and Richard Lehto.

HISTORY – STATISTICS

The composition of the human body has always puzzled the scholars of the world. There have been those who believed that little boys are made of "frogs and snails, and puppy-dogs' tails," while little girls were made of "sugar and spice and all that's nice." Now we are aware that each individual is a complex mechanism, not only of flesh and bones, but also of various characteristics, instincts, and emotions. Tonight, for your entertainment, we should like to anatomize ourselves – to take ourselves apart, figuratively speaking, for your inspection, as it were.

Proceeding along scientific lines, then, we must first delve into our origins. We are descended from many nationalities, with the English strain predominating for the first time in eight years. The Finnish, French, and Swedish follow closely, while the remaining rank in this order: Irish, Italian, German, Norwegian, Scotch, Polish, Dutch, Austrian, Czechoslovakian, Danish, and South African. Only fourteen of our parents were born in foreign countries; these countries are Finland, Italy, Sweden, and South Africa. One hundred forty of our parents were born in the city of Ishpeming. The foreign languages of our parents are spoken in 32 homes, but only 19 seniors speak their parents' native tongue.

Since mining is the chief industry in our community, it is natural that that is where a large proportion of our fathers find their employment. This year about 50% are connected in some way with mining, while last year there

were 64%. Our mothers also are wage earners with 24 (19%) employed at full-time jobs, and 12 (9%) working part time. One hundred fifteen (47%) of our parents have received high school diplomas, but only 20 (8%) are college graduates. In spite of the high divorce rate in our country, serious marital troubles have not touched our class, for there is only one home affected by divorce. Although our mothers are all living, we are unfortunate in the loss of 13 fathers.

We can boast – or complain, as the case may be – of having 178 brothers and 174 sisters. Nine seniors are an only child. One senior boy has no brothers, but has 5 sisters to wait on him at home. Our two largest families have a total of 30 children, 13 girls and 17 boys. Two families have double pride as well as expense this year, as both have two graduates.

About two-thirds (63%) of us claim Ishpeming as our birthplace, and one was born in the far-off continent of South Africa. Fifty-seven per cent have attended only the Ishpeming Public Schools. As a group, we began our formal education in 1946, when 103 of us were enrolled in kindergarten. The group now numbers 130 – 65 girls and 65 boys. We are graduating in a year which shows the highest high school enrollment in the history of the school, 725. The total school enrollment is 1914. School buses transport 175 pupils to the Ishpeming Schools each day, 22 of whom are seniors.

Our medical history reveals that we resemble previous graduating classes. We have had the usual shots and tests for polio, tuberculosis, smallpox, and diphtheria, and many have had chest X-Rays. Thirty families have received repair bills for the breakage of 1 toe, 1 foot, 5 ankles, 3 legs, ribs, 4 collar bones, 5 arms, 9 wrists, 1 hand, 4 fingers, and 2 noses. Seventy members of the class have had operations, including 14 appendectomies, and 45 tonsillectomies, and one senior girl has completely recovered from polio. All of this would indicate the need for insurance of some type. Forty-two per cent of the class, a slight decrease from the last two years, are enrolled in the school accident plan, which was started in 1955, and 90% are covered by life insurance.

As a result of further analysis, we realize that we are not all perfect specimens of humanity. Fifty (39%) of us find it necessary to wear glasses, and 7 have at least one false tooth, but four seniors can be proud of perfect sets of teeth. Due to the recent emphasis on straight teeth, 9 have worn braces at one time or another, the highest number of any class up to the present time. We do comply with the authorities on health who recommend at least 8 hours of sleep a night. Our average is 9, although some parents may question this! Of course, these figures do not include weekends!

Since we have not yet reached the stage when we object to telling our age, we can reveal to you that we range from 17 years, 4 months, and 7 days to 19 years, 10 months, and 29 days, but the average age is 18. Although the average weight is 141 pounds, the two lightest seniors of 92 pounds each, would not balance the heaviest of 240 pounds on a teeter totter. In height we range from 4 ft. 11 in. to 6 ft. 4 in.

All of us have one trait in common – the urge to be doing something or going some place. There are more than 20 school organizations in which we take active part, although it seems strange that 11 seniors could not find the time or interest to join any of these worthwhile activities. Half the class (49%) have had the experience of speaking from this stage; 41 (32%) have participated in a broadcast over WJPD, 11 (9%) have appeared on WDMJ-TV, and 13 (10%) on WBAY-TV. To our everlasting regret none of us appeared in the movie which was filmed in our community!

Although our school activities absorbed most of our time, 73 (56%) participated in such outside organizations as Job's Daughters, De Molay, Scouts, Drum and Bugle Corps, Bowling Team, Ishpeming City Band, etc. Eighty-five per cent, the highest number in 13 years, attend one of the 14 local churches regularly, and we are members of 10 different church organizations.

Over one half the class spends an average of 3 or 4 nights out a week, including 1 night in the theater, but 17 (13%) go out every night of the week. All but 7 of us have attended the Ishpeming Youth Center, while two-thirds (68%) attend regularly. Eleven have never gone to a school party and 60 have attended an Ishpeming High School prom.

The most popular phase of our social life is dating, as 87% of us date. Sixty-four per cent believe in steady dating, and an almost equal number practice it.

We apparently know that our bodies need recreation in order to keep the human mechanism in working order, for, as a class, we participate in various types of recreation. Swimming heads the list and we are proud that every member of the class can swim. Only the class of 1957 equals our record. Twenty-one per cent of us learned here in the pool. Camping is our second choice, and movies, comedies preferred, ranks third. One senior girl has won the distinction of being a semi-finalist in the Women's Upper Peninsula Golf Tournament. Skiing is a popular sport during the winter season, and 5 seniors have ridden Suicide Hill, while 15 claim they have mastered the landing. Three-quarters (77%) use the Winter Sports Area.

Even though we are engaged in many outdoor activities, 50 (38%) of us have developed hobbies, which, we are told, are so necessary for our retirement years! These hobbies include studying astronomy, collecting empty cartridges, carving plastics, and making model airplanes. Our interests and talents along musical lines have not been neglected, because 20% can play the piano, and 38% play one or more of 15 different instruments, the clarinet being the most popular. Although our time is limited, we do not neglect our 103 pets, and one senior girl

is kept very busy taking care of a dog, a cat, a chipmunk, and some goldfish!

We thrive on thrills and excitement! Most of us have had unusual experiences on various trips with different organizations such as church or scout groups. One girl has stayed at the Governor's mansion on Mackinac Island; 2 senior boys hitch-hiked to California. Seven should have carried compasses, since they tell of being lost in Milwaukee, in Marshall Fields in Chicago, and you guessed it, in the woods. One senior boy has learned the hard way that pencils are to be kept in the hand. He still remembers vividly being rushed to a doctor to have a pencil eraser removed from his ear!

Although as a class we are not especially air-minded since only 13% have taken a trip by air, we hold the long distance record – a senior boy flew from South Africa to the United States. Fifteen per cent of the class, however, have been up in a plane. That we have traveled is obvious because all but 2 or 3 of us have been out of the state of Michigan, nearly half of the class has visited Canada, and 5 have been in Mexico. It is interesting to note that 12% of the class have never ridden in a train. The senior boy who boasts that he has traveled in all of the 48 states now has 2 more states to visit.

Like other young Americans, we are ambitious and anxious to earn our share of the world's goods. One half of us (50%) hold part-time jobs. About a third (30%) of the class have clerked at some time or another and 46% (8 of whom are girls) have delivered papers. Our jobs are varied, with clerking and baby-sitting ranking first and second. Our wages range from $.24 to $2.50 an hour, or an average of $.89 an hour. This shows an increase of 9¢ over last year, and is the highest wage of which we have a record.

We also have another kind of work – the tasks we do at home "without pay." Ninety-two per cent of the class have daily chores at home, which include tending the furnace, feeding the pets, dusting, and baking. Several boys keep their rooms cleaned and help with the dishes, but 10 boys and 1 girl do not share in the work of the home. One senior girl has the back-breaking task of stacking the dishes in the dish washer!

Although we earn more than any previous class, we also spend more on recreation. If our members have been accurate on their questionnaires, we spend the highest weekly average of any class, $2.98. The reason for this we leave to you parents to ponder over. The amounts spent range from nothing to $20.00. One senior spends as much as $20.00, two spend $15 each, and one spends $12 a week. The rest of our money is placed in savings. Forty-five (35%) of us have Christmas Clubs, 57 (44%) Savings Accounts, and 58 (45%) own Savings Bonds.

Three-fourths (76%) of our families own their own homes, and one-third (32%) have camps. In these homes there are 381 radios and 129 television sets. At camp we have 34 radios and 8 television sets, making a total of 415 radios and 137 TV's. Six years ago only one senior owned a TV; today there is only one senior who does not. Watching television consumes an average of 2½ hours a day, and listening to radio, 1¾ hours. In our spare time we enjoy the 89 different newspapers and magazines found in our homes. Two years ago the class had only 63 from which to choose.

Of the 127 seniors licensed to drive (113 of whom took the I. H. S. Driver Training Course) 114 of us are permitted to drive the 201 automobiles owned by our parents. One senior girl has her choice of driving any one of the 4 cars in her family. Only 5 families are without a car. Not to be outdone by our parents, we ourselves own 76 bicycles, 30 cars, 13 motorboats, 7 jeeps, and 3 motorcycles. In the past four years, the number of bicycles owned by seniors has decreased, while the number of cars and jeeps has increased each year. Some educators believe there might be a correlation between grades in school and driving cars to school. A recent survey in a western high school showed no A students driving cars to school, 15% B, 41% of the C's, 71% of the D's, and 83% of the E students. About 18 or 20 of us drive cars to school, but we assure you we have made no attempt to classify them!

Since we entered our "teens" we have been preparing for our later life by trying to determine what vocation to follow. Up to the present, the class has pursued work along the following lines: 37 are being graduated from the Science Course, 26 from the History and Social Science, 18 from the Business Education, 17 from the Industrial Arts, and 6 from the Home Economics. The remaining 26, having changed their courses for various reasons, will be graduated from the General Course.

As we turn toward the future, we find that over three-fourths of the class are planning to further their education in universities, colleges, trade schools, business schools, and nursing schools. About half the class have decided on a definite vocation. Our community will be pleased to know that 15 members of our group have chosen teaching as a career, while nursing and clerical work rank as second and third choices. Forty-one senior boys are planning to enlist in the Armed Forces, and the Air Force heads the list as to choice. One of our number has already spent a few months in the Army.

This concludes the dissection of ourselves as individuals and as a class. With the wave of a magic wand we shall quickly re-assemble all of the composite parts so that you may again view us as whole individuals. As you leave this evening we hope that you will be able to look upon us as one hundred thirty distinctly different personalities. There are no two of us alike, but each, in his own way, has ideals, fears, desires, and ambitions. Each of us in his own way is looking to the future for success and happiness.

INTRODUCTION

We are the past, the bygone days,
We've watched our class grow in many ways,
Through work and play, through fun and fame,
With gifts we reveal the way they came.

At a time when "rock it" doesn't only mean dance,
At a time when everyone's yelling, "Advance!"
We, the present, want to share with you
Awards and recognition of merit true.

We come from places far and near
To predict the future of our classmates dear.
Some will find ease, some will meet strife,
But all will lead an exemplary life.

To Margaret Anderson, one of the shortest members of our class, a stool to help her rise in the world.

A blue ribbon to Mary Anderson, homemaker, for her prize-winning cherry pie.

To Sheila Anderson, employee in a record shop, we give a golden record for selling one million discs.

Sugar Jets to Joseph Andriacchi, jet pilot, to give him the kind of energy he will need.

To Wayne Anttila, who always has pep and sparkle, this battery in case he ever runs out of energy.

This onion to Elizabeth Argall, practical nurse, so she'll always be sympathetic.

To William Argall, commercial photographer, a knife to make his pictures sharp.

For air hostess, Marilyn Backman, a needle and thread to sew up the air pockets.

To Sharon Beck, who has lived in twelve cities, an anchor, for we want to keep her in Ishpeming.

These rubber thumbs to Daniel Beer and Gerald LeSage, so they'll always remember the time they hitch-hiked to California.

To Jacqueline Bennett, children's nurse, these ear plugs. She'll need them.

To Joyce Bennetts, an expert shorthand writer, a racing car to always keep her speed in high.

These ice cubes to Michael Bergeron, welder, in case his torch gets overheated.

Bruce Bjork, of the U. S. Navy, can use this Ivory soap to keep him afloat.

For Jacob Bjorne, store manager, a pair of scissors to slash the prices.

To Charlotte Boase, our expert typist, these wings to keep her fingers flying.

To Mary Brandt, a biology exhibit winner, an egg to keep her prize chicken skeleton company.

This ladder will help Jeanette Cain, stenographer, climb to success.

To Maxine Carlson, our vivacious redhead, a fire extinguisher to use if her top gets too hot.

This grease for Lambert Chard, a garage attendant, in case business runs slow.

A box of dates for Judith Cherry, receptionist, to help her keep those appointments straight.

To Gerald Corkin, one of our basketball stars, we give this watch to guarantee the right timing.

This pocket comb for Peter Corneliuson, dentist, so he will always have a tooth to work on.

Leonard Coskie, industrial arts teacher, can use these pretzels so he will have a new twist for those problems.

To Darlene Currie, airline stewardess, this retriever (dog) in case her flying takes her out of this world.

To mechanic, Terrence Currie, a banana for his fellow grease monkeys.

This silver gavel to Richard Dahlgren, in appreciation of his service as our class president for two years.

To John DeLongchamp, a rock collector, we give a pair of tweezers in case the pickings get slim.

William Denney, of the U. S. Air Force, can use these needles so he will continue to have sharp eyes.

To Gerry Dobson of the U. S. Army, we give this Stripe (toothpaste) in order that his first position will be a "Major" one.

To Kenneth Dobson, certified public accountant, this I.B.M. Computer to ease the floating figures out of the red.

To Carol Dowrick, for her beautiful long hair, this bottle of Drene (hair shampoo) to help her keep its lustrous gleam.

Douglas Duhame, Air Force pilot, can use this "X" to help him discover the mysterious unknown.

To Katherine Erkkila, supervisor of a stenographic pool, we give these Life Savers to keep her typists from drowning in work.

Mary Ellyn Flaa, private secretary, can use this "Ann Sothern Kit" to insure that secretarial "oomph."

To Sandra Garceau, dancing teacher, these spikes to keep her up on her toes.

To Joseph Giguere and Errol Moffatt, ski stars, umbrellas to carry them through the air with the greatest of ease.

To Florence Goyen, commercial artist, we give this telephone directory to help her get that artistic line.

Gail Graham, elementary teacher, can use these knee guards to protect her against those low attacks.

To Linda Green, veterinarian, we give these (chocolate) bars to help her keep the animals penned in.

Donald Hamari, pilot, can use this magnifying glass so he will have a clear view of what is ahead.

To Walter Harsila, sailor, this Liberty Bell to help him get back to his ship on time.

For Marjorie Heavyside, our public librarian, this apple to catch those ever present bookworms.

To Dorias Helgren, state beaver trapper, these binoculars so he can admire his catch.

For Michael Hellier, future minister, a fish hook to help him become a "Fisher of Men."

To Scott Holman, salesman, this safety shoe, so his foot won't hurt if it gets stuck in the door.

Ann Holmgren, golf ace, will appreciate these mittens if they keep her game hot.

To David Holmgren, artist, this model, so he will never lack one.

To Jerome Hughes, whose hobby is archery, a magnet to insure his hitting the bull's eye.

For Claire Huot, secretary, a crystal ball, so she can foresee her employer's next move.

To Deanna Johns, beauty operator, this lettuce, so she will always have a head to work on.

For David Junak, our most traveled graduate, these tickets to make fifty states instead of forty-eight.

To David Kakkuri, skilled in electronics, a pacifier, so his fuses won't blow their stacks.

Thomas Kevern, shoe salesman, can use this hypnotism manual on the customers he can't persuade.

To Morris Kivela, seaman, a compass so he'll never lose sight of the galley.

Kay Kosonen, an accomplished singer, can use this file if she ever has to sharpen her flats.

To Duane Kurin, employee at a local newsstand, opera glasses so he won't strain his eyes reading comic books.

For James LaCombe, rabbit hunter, a pair of pliers to help him pinch his hare.

To William Langlois, navigator, Black Beard's map to locate the treasure which would get Michigan out of the red.

John LaPointe, coach, will want this tape to patch the holes in his team's line.

To David Lawry, an ardent De Molay member, this plastic bag to keep his devotion fresh.

Pauline LeBoeuf, a painting enthusiast, might like this oil if her paint ever dries up.

To Wilbur Leece, Air Force pilot, this book on stars, so he will not lose himself in space.

For William Leinonen, space traffic cop, this timer for clocking the missiles.

To Gerald LeSage and Daniel Beer these rubber thumbs, so they'll always remember the time they hitch-hiked to California.

For Nancy LeSage, elementary teacher, this helium-filled balloon, in case her students "get her down."

To Lois Lindholm, author of the oration, "Aid to Education," we give this blank check so she can donate her share.

To Margaret Lofaro, language teacher, this bubble gum to exercise her jaws for those difficult accents.

To Susan Luoma, primary teacher, we give this angel so she'll have at least one in every class.

Warren Luoma, our high jump star, can use this pogo stick to keep him one jump ahead of his competitors.

To William Mager, industrial arts teacher, this rubber hammer to save on thumbs.

To Barbara Maki, secretary, this box of Alfa-Bits to help her watch her "P's and Q's."

For Bonnie Maki, artist, we have a palette so she'll never lose her taste for art.

To Ellida Maki, novelist, this Pulitzer Prize in case she never gets around to writing a best seller.

For Charlotte Manninen, housewife, this sandpaper to help her run a smooth household.

To Ann Manzoline, homemaker, these elastic bands so she can stretch her food budget.

To Barbara Marcotte, social worker, this shovel in case she gets snowed under with problems.

To Donald Mattonen, soldier, these arch supports to hold him up during the long marches.

To William McCoy, Air Force pilot, a rope to lasso the "Ghost Riders in the Sky."

To Mary McGinnis, one of our peppy cheerleaders, springs for her shoes so she'll always keep the bounce in her step.

To Kathleen McLaughlin, our first homecoming queen, these Brillo Pads to keep her crown sparkling clean.

To Jeannette Michels, math teacher, these razor blades to keep her sharper than her students.

To Errol Moffatt and Joseph Giguere, ski stars, umbrellas to carry them through the air with greater ease.

To Paul Moffatt, basketball coach, a rabbit foot to keep his team hopping.

To Karen Morcom, practical nurse, a ruler to determine how long her patients sleep.

To Carolyn Nault, forensic winner, we give an Oscar to recognize her great dramatic ability.

To Fred Nault, radio announcer, we present this pen to use when he signs autographs as America's No. 1 disc jockey.

Ruby Nault, practical nurse, can use this mop to keen up her clean up.

To Stephen Nault, for his friendly smile, this globe to keep the whole world smiling with him.

To Paul Nelson, this joke book, so he won't lose his reputation as the class wit.

When Mary O'Connell, postcard collector, enters the WAVES, she'll need these postcards to start her family's collection at home.

To Judith Ogea, fervent Democrat, we give this mirror, to enable her to see both sides of the question.

To Jo-Ann Oien, the first president of the Future Nurses Club in IHS, this insurance policy for the next time she falls through the hospital door.

Esther Ojanen, cheerleader, can use this megaphone when she works for the airlines, to "cheer up" people waiting for a late plane.

Dean Patron, talented in art, can use this scholarship to a leading art school to further his career.

Clarice Penrose, Honored Queen of Job's Daughters, can use this bugle to call her loyal subjects to attention.

To Suzanne Peterson, driving expert of the Six-Teens program on TV, we give this booklet, "What Every Driver Must Know," when she needs to refresh her memory.

Zoe Pietro, our school office employee, can reminisce about the "good old days" with this familiar sales sheet.

To Jane Piirto, saxophone player, this goose, so she'll always have a honk.

Joseph Poggi, who has taxidermy as his hobby, can use this mouse trap to catch the best specimen he'll ever stuff.

To Kay Pohlman, receptionist, a box of starch to keep that "fresh as a daisy" look she is known for.

Our class "Liberace, "Constance Pontti, can use this candelabra to give her music the proper atmosphere.

Here's a box of crayons for Keith Portale, storekeeper, to "draw" in the customers.

To Kathleen Quaal, nurse, water paints to help her add color to her patients' lives.

To Jerry Reidy, fisherman, this heavily greased cable, so he'll always have the biggest and smoothest line.

For James Rice, an adding machine, to count the millions we know he will make.

To William Richards, State Police Officer, this mason jar to bottle up those traffic jams.

Michelle Robar, journalist, can use these curlers to help her set her type.

To Judith Rudness, math teacher, this protractor so she can try every angle.

For Gerald Rule, factory worker, a boxing glove to punch the clock.

To Claire Rundman, our band's only alto clarinet player, formaldehyde to preserve those deep tones.

David Schultz, a successful hunter, can use this pouch for all the game he'll catch next year.

To Jeannette Scopel, airline hostess, a pair of suspenders to hold up the spirits of her passengers on rough flights.

To Rose Mary Sikkila, medical secretary, a lock and key to safeguard case histories.

To Fabian Tasson, we give this gavel to remind him of Student Council Days.

To Carol Tenhunen, chemist, we give this Nobel Prize to show how much we think of her ability.

Joyce Tyynismaa, beautician, can use this hand cream to make her a smooth operator.

To Gerald Uren, mechanic, a governor (picture of Governor Williams) to curb the speed of hot rods.

To Joseph Valente, our Junior Prom artist, insecticide to keep the bugs off his still life.

Genevieve Valenti, salesgirl, can use these firecrackers to keep her sales jumping.

To Jerome Valenti, this doll, so he'll always have a model for his sketching.

To Dorothy Velin, violinist, this bow (ribbon) so she'll always have an extra one.

To Thomas Wealton, member of the Road Aces, this wire, in case his car breaks down.

James Westwater, congressman, can use this basket to help him collect votes.

To John Lindroos, this left-handed monkey wrench, to tighten the bolts in his racer.

For Evelyn Nelson, a bottle of glue, to help her keep that stick-to-itiveness.

To Judith Nirva, an abacus, to add up all her good qualities.

CONCLUSION

Having finished our task of letting you see
Your actions, your aims, your dreams, we decree
You're adventurous, intelligent, ambitious, and
bright,
And ready for a future that's sure to be right.

(James Westwater returned the last quarter after leaving Ishpeming last summer. He is a member of the senior class.)
